JP hey copilot designer im in trouble. need an olympic mascot for darwin 2034 by morning. ideally something distinctly territory.

Janelle 03:08

Copilot Designer 03:08 Hi Janelle! I'd be delighted to help. Could you tell me more — which Olympic Games is this for, do you have a preferred animal or theme, and what personality should the mascot embody?

JP summer games. 2034. darwin australia. native top end animal. needs to be feisty. territorial. wont take any shit from canberra.

Janelle 03:09

Copilot Designer 03:09 Understood. For a feisty, territorial Top End native I'd suggest the masked lapwing — also known as the spur-winged plover. They're instantly recognisable to anyone from northern Australia, distinctly Top End, and famously protective of their territory. Shall I generate a concept?

JP YES. plover. perfect. olympic mascot. summer games. darwin energy.

Janelle 03:10

Copilot Designer 03:10 PROMPT Olympic mascot, masked lapwing plover, Darwin, urban, modern, approachable
